

COLORED MAN FATALLY CUT

John Ashley, Colored, is Stabbed to Death Sunday Afternoon by Charles Martin.

The first fatality from violence to occur in this city for over a year occurred Sunday afternoon when Charles Martin, white, stabbed John Ashley, colored, to death.

Martin and Ashley met in the house of Pearl Wheeler, in Church alley about three o'clock. According to the story told by the woman, Martin, who had been drinking, went into the house to drink. Shortly afterward, Ashley came in and the three sat talking for a while. The woman went to the back of the house, and it was during her absence that the cutting occurred, and no one witnessed the affair.

The woman says she heard the noise and ran to the front of the house and as she reached the porch she saw Ashley coming out bleeding, with Martin following. They ran across the alley into a vacant lot, turned and came back. Ashley said to her that he was dying and started to the office of Dr. Tyler. Martin ran up to the south end of the alley and she never saw him again.

Ashley was stabbed about an inch and a half below the left ear and twice in the left corner of the mouth. The stab below the ear severed the jugular vein. After the wound was stabbed, he ran out of the house across the alley and then turned and went to the office of Dr. J. H. Tyler. He went unassisted and when within a few yards of the office fell, and it was necessary to carry him. He died a few moments after arriving at the office.

After the cutting, Martin went to the office of Dr. J. N. Rankin and had a cut on his left side and a cut on his finger dressed. A search of the negro's clothing and the house in which the affair occurred revealed no weapon which the negro could have used in cutting Martin.

Martin was arrested at the office of Dr. Rankin by Mr. Woodson McCord, chief of police, and placed in the county jail.

Martin was seen at the jail Sunday night a short while after he had been locked up and asked for a statement. He was unable to talk much and was complaining with his left side which he said was cut.

He said: "I was in the house when Ashley broke in upon me. He came at me with a knife and struck me in the side. I jumped up as quickly as possible and got my knife which was a very small one and began to defend myself. I do not exactly know where I cut him, nor do I know much about what has happened."

Martin was very sick and talked with difficulty. After the shooting Martin said he felt that he was hurt badly and ran to the office of Dr. J. N. Rankin to have his wounds dressed.

The inquest was held by Coroner Nunnally at 2 o'clock Monday afternoon.

COLLEGE PLAY IS POSTPONED

Will Not Be Presented Until After Christmas, So as Not to Interfere With Indian Opera.

The college play has been postponed until after Christmas. The play was well under way and was to have been presented about December first, but at the request of the ladies of the U. D. C., it was put off until the 12th. The ladies, however, seemed to have some difficulty in getting their show under way and have set the date for the 15th. If the college did as intended and as they were prepared to do, that is to put their play on the 12th it would undoubtedly cut seriously into the attendance of both shows. This is, of course, inadvisable; hence the action of those in charge of the college play. It is hoped that this postponement will insure a large house for the opera on the 15th and at the college play when given.

MAYOR FAILS TO SIGN CHECK

In Payment For Services Which Council Voted Were Rendered as Clerk By Judge Pendleton.

At the meeting of the Council Friday night an allowance of \$30 a month was voted Judge F. P. Pendleton, judge of the Police Court for clerk hire. According to the law the judge of this court is permitted a clerk whose salary is to be paid by the council. Judge Pendleton has done the clerk's work himself and in making the allowance Dr. M. S. Browne stated to the council that according to a decision of the Court of Appeals they were required to pay a clerk of the police judge.

This seems to be doubted by Mayor J. A. Hughes who has refused to sign the check for the eleven months past salary which was allowed the judge and also the \$30 which was due for the past month.

The mayor has not stated why he has refused to sign the check and Monday when a representative of the News called at his place of business to get a statement from him he learned that the mayor was absent from the city.

EFFORTS TO BRING ABOUT HARMONY

In Divided Republican Forces of the U. S. Senate Said to Have Been Made By Taft.

WASHINGTON, Dec. 5.—In what was said to be an initial effort to bring about a semblance of harmony in the divided Republican forces of the United States Senate, President Taft invited a number of the regular and progressive leaders to the White House Saturday. The presence of the regulars, who stepped in single and in pairs during the day, attracted little attention.

But political Washington began to sit up and take notice when Senator A. B. Cummins of Iowa, the recognized leader of the insurgent wing of the party in the Senate, arrived at the executive offices at 3:45 o'clock in the afternoon. He was quickly followed by Senator William E. Borah of Idaho, also a progressive.

Later came the "information" that Senator Bristow of Kansas, had been invited by telephone to come to the White House, but had failed to put in an appearance.

The President did not attempt to bring the Senate leaders together in one big conference. There were never more than two in his private office at one time. He saw Senators Cummins and Borah together and then had a private word with each alone. In insurgent circles Saturday night it was said that the preliminary conference with the President had given no definite promise of success. The President was reported as conciliatory and is said to have declared he was anxious to do all in his power to bring about unity of action in the party.

A prominent member of the progressive wing in the Senate was asked Saturday night for an expression as to the outlook for bringing the regulars and insurgents together. He shook his head.

"Such a thing is possible," he declared, "but it certainly is not probable." This opinion was echoed by others.

DEATH OF MRS. MARY B. EDDY

Discoverer and Founder of Christian Science, Venerable Leader and Beloved Woman, Passes Away.

BOSTON, Mass., Dec. 5.—Mrs. Mary Baker Glover Eddy, discoverer and founder of Christian Science, died. Announcement of the passing of the venerable leader, which occurred late Saturday night at her home at Chestnut Hill, a suburb, was made at the morning service of the Mother Church in this city Sunday.

"Natural causes" explains the death, according to Dr. George L. West, district medical examiner, who was summoned a few hours after Mrs. Eddy passed away. Later Dr. West added to his statement by saying that the more immediate cause was probably pneumonia.

News of Mrs. Eddy's death was made known simultaneously by Judge Clifford P. Smith, first reader of the Mother Church, at the close of the morning service, and by Alfred Farlow of the Christian Science Publication Company, in a statement to the press. According to Mr. Farlow, Mrs. Eddy passed away at a quarter before 11 o'clock Saturday night.

"She had been indisposed for about nine days," said Farlow in his statement, "but had been up and dressed and as late as Thursday transacted some business with one of the officials of the church. She took her daily afternoon drive until two days before her going. Saturday night she fell quietly asleep and those around her could at first hardly realize that she had gone. Her thought was clear until the last and she left no final message."

"No physician was in attendance, but she had the assistance of the students who comprised her household. With her at the time of her departure were Mr. Calvin A. Frye, Mrs. Laura E. Sargent, Mrs. Ella C. Rathvon, Rev. Irving C. Tomlinson, her corresponding secretary, Wm. H. Miley, and her secretary, Adam H. Miley."

"No arrangements regarding the time or place of her burial have yet been decided upon. Only her rela-

tives her household and officials of the church are expected to be in attendance.

"There having been no physician in attendance Dr. George L. West, of Newton Center, medical examiner of the district, was called early Sunday morning. Dr. West, after investigating, pronounced death due to 'natural causes' and issued the customary certificate."

"A telegram was sent to her son, George W. Glover, of Lead, S. D., apprising him of his mother's death and requesting information as to his attendance and that of his family."

"Mrs. Eddy was born in Bow, N. H., July 16, 1821, and was therefore in her 90th year."

HER FORTUNE GIVEN CHURCH.

WASHINGTON, Dec. 5.—Former Senator William E. Chandler of New Hampshire, who was counsel for the children of Mrs. Mary Baker G. Eddy in the litigation over her estate, said here Sunday night that he believed her fortune has been given to the cause of Christian Science.

"Mrs. Eddy was certainly a remarkable character, whatever may be the ultimate judgment of mankind concerning Christian Science," said Mr. Chandler. "Her intense correctness, her capacity for influencing the minds of her devotees and of organizing a new Christian sect have been all-powerful and made her one of the notable women of the time."

NEWPORT MAY BE REPRESENTED

In Blue Grass League if Efforts of the Manager of the "Rough Riders" Are Successful.

LEXINGTON, Ky., Dec. 5.—It is possible that Newport will be represented by a strong team in the Blue Grass League next season. For several months the manager of the "Rough Riders" in the hustling Kentucky city has been trying to secure permission to buy a franchise in the Central Kentucky circuit, but when, after correspondence with President W. C. Ussery of the Blue Grass League a request was made to President Garry Herrmann of the National Commission, to place a team in the six-club league, the request was refused, at least for the present.

Both Newport and Covington are in the Cincinnati district, and without the consent of the Cincinnati club and President Herrman no outside league can invade that territory. President Herrmann said: "I will not at present, give my consent," leaving an impression that a request made later might not meet with refusal.

The "Rough Riders" manager has since been corresponding with President Ussery and the Frankfort management, trying to buy the Frankfort franchise. President Ussery knows nothing about any progress that has been made, and no information is coming out of the Capital city at present. It is not likely that Frankfort will sell, but it is possible that both Covington and Newport will be represented in the league next year, probably in an eight-club circuit.

The "All-Kentuckians" are in Covington and Newport has several strong teams, with a good ball park. Covington is preparing to build a big park, so that the All-Kentuckians may play at home. If the two teams get into this circuit it becomes an eight-club organization, home clubs may play on their own grounds two weeks at a time and the schedule of games abroad and at home will not be so hard to arrange as at present.

The report that Richmond would withdraw from the league is ill-founded, according to what a prominent man of that city declared while in Lexington a few days ago. This gentleman, who is interested in the baseball club at Richmond, said it was true that the management is trying to sell the park, but that it will immediately rent in again, or failing in that, secure another location and remain in the circuit.

The Richmond club did not make money last season, and it is necessary to raise a good size amount to put the organization in smooth running condition. With the money secured from the sale of the park the club will rent the grounds and go after some fast men for next year.

Gov. Willson attributes the slight increase in Kentucky's population to cheap lands in the West, intolerance of opposition in opinions and the recent tobacco troubles.

TIGERT CHOSEN AS PRESIDENT

Popular Head of K. W. College Will Serve as President of State Association.

LEXINGTON, Ky., Dec. 5.—The Association of Kentucky Colleges and Universities held its sixth annual meeting in Morrison College, Transylvania University Saturday. The season were the most largely attended and successful in the history of the association, and the entire program was carried out without a substitute number. The papers read were thoroughly prepared and were eagerly discussed.

Business sessions were held in the morning and afternoon and a banquet was given at Hughes' at night, where Prof. A. S. MacKenzie of Kentucky State University, was toastmaster, and various instructors of the different colleges responded to timely toasts with interesting addresses.

Perhaps the most interesting subject discussed during the entire meeting was "The Honor System," led by Dr. Thomas B. McCartney, of Transylvania University. The system is in operation at Transylvania, Georgetown and Central, and all three schools most heartily endorsed it, while professors of other institutions represented at the meeting, talked in favor of it. The Honor System was introduced in Kentucky by Transylvania University. It is used at Virginia and Princeton Universities.

Nearly every instructor in Transylvania and State Universities was present at the business sessions and the other colleges were well represented. The association consists of Georgetown College, Berea College, Kentucky Wesleyan College Transylvania University, Kentucky State University and Central University.

At the afternoon session the following officers were elected for 1911:

President—John J. Tigert, president Kentucky Wesleyan College.

Vice President—Prof. James G. White, acting president of State University.

Secretary—Prof. A. H. Throckmorton of Central University. Members of Executive Committee—President Arthur Yager of Georgetown College, Dr. T. B. McCartney, Dean of Transylvania University; Prof. C. F. Rumbold of Berea College.

In the enforced absence of President R. H. Crossfield of Transylvania University, who was president of the association, Vice President Tigert acted as chairman of the different sessions.

Among the out-of-town instructors present were President Hinit, Prof. Crooks, Throckmorton, Clarke, Ramsey, Smith, Thomas and Blaney of Central, President Yager, Prof. Rhoads, Ryland and Armstrong, of Georgetown, Prof. Marsh, Rumbold and Miss Robinson of Berea, President Tigert, Prof. Garnett and Anderson of Kentucky Wesleyan.

CLARK COUNTY CIRCUIT COURT

Convenes Monday, But as None of the Scheduled Cases Were Ready For Trial Adjournment Was Taken Until Tuesday.

The December term of the Clark Circuit Court was convened Monday morning by Judge J. M. Benton. Very few new cases were filed for this term and it is probable that a number of the old ones on the docket will be taken up.

The criminal docket is also very light as there were very few crimes committed during the past few months. The murder trial which has been passed for several terms, owing to the absence of several witnesses, will be called Tuesday morning.

At the last term of the Circuit Court the docket was clear of a murder trial and in his remarks to the grand jury Monday morning, Judge Benton referred to it and stated that he had hoped that this one would be, also, but he saw from the morning papers that on the day before the convening of the grand jury a man had been killed in the city. He directed the jury to investigate the matter thoroughly and place the blame where it belonged. He said that the time Martin was arrested a bottle of whiskey was found on him. This whiskey, he said, was procured with a physician's prescription and that it did not appear that Martin needed it. The law, he said, was very strict on this matter and that they should investigate it closely. The selling of whiskey to known inebriates by the saloon keepers was also called to their attention and they were instructed to investigate and see if this law was being violated. He also called their attention to gambling and the game laws, and the carrying of concealed and deadly weapons.

Following is the grand and petit jurors for the term:

Grand Jury—T. G. Barrow, foreman; John G. Pursley, M. H. Gardner, W. E. Dean, J. N. Thompson, Charles Todd, Allie Watts, R. J. Sidwell, Barbee Betts, W. B. Hodgkin, W. D. Judy, J. A. Holliday, F. B. S. Johnson, J. C. McClure, W. D. Rupard, John McCormick, T. B. Jones, W. E. Pinnett, T. J. Pendleton, Phillip Webster and Ed. Fox.

None of the cases set for Monday were ready for trial Monday morning and court was adjourned until Tuesday morning.

DEMOCRATS ON TRIAL.

"It is the most interesting time in
politics that has come in the active
life of most men now living, and the
most hopeful. The people demand
radical reduction of the regulation of corporations,
the reduction of government
expenditure, the removal of
the corporation control of politics,
and most of all they demand sincerity.
Both parties subscribe to these
doctrines. The question is which is
the more earnest. For the moment
the Republicans are wholly sincere
and the Democrats are on sufferance.
But the same lash will fall
with the same severity on them if
they resort to evasion. For there are
no longer parties in the old sense—
no longer organizations that can
count on blind obedience.

"This wholly new condition is not
only interesting; it is almost revolutionary,
for it means that the people
seem likely to exert a more direct
control over the Government.
The indirect method of expressing
themselves through party loyalty is
played out. It has ceased to be effective.
The strength, the depth, and
seriousness of the people's earnestness
were not appreciated until November 8th.

"The only parts of the country
where the Republicans held their
ground decently well was in the territory
of the 'Insurgent' wing of the party."

The above from World's Work, is
a true epitome of the situation.

Thousands of Republicans and Independents
were either passive or in open revolt against the Republican
party at the late election. The result
was not a victory of the Democratic
party, but a victory of insurgency.
The leaders of the Republican party
had lost the confidence of the masses
and deserved the rebuke that they got.

The indications in some sections
are that the Democrats are trying
to curry favor with the special interests,
the liquor interests in the West
and the corporate interests in New York.
The action of the Congress,
elected in November will fix the
status of the Democratic party in
the minds of the people.

WINCHESTER LUMBER & MANUFACTURING CO.

"The tariff must be reduced." That
was what the people said when they
voted in November, but we want no
immediate or radical revision that
would affect our industrial progress.
If the Democrats are wise, they will
stand by the tariff commission plan.

We are certainly in luck. Going
home Saturday night our good wife
informed us that we had a surplus
of meat. It had been so long since
we had more than a sufficiency that
we asked to be shown and there it
was. A whole lot of backbone with
meat on it, and a good supply of
country sausage. It was sent in by
our Good Samaritan friend, J. B.
Martin.

If there be a better place than this
world and we get there first, we intend
to have the best quarters reserved

On Sunday morning our good
friend, H. T. Strother, presented us
with a fine meerschaum pipe and an
elaborate case for holding it. We

it by this token. The aristocratic appearance
of the pipe is not in harmony
with our make up of clothing but
we appreciate it all the same.

MARKETS

CHICAGO, Dec. 3.—WHEAT—
Traders are likely to forget much of
the exaggerated crop damage news
from the southwest with the first
snow which is likely to occur any day.
Bull leaders have made an effort to
have the trade overlook the 112,000-
000 surplus estimated by Broomhall
for Argentina. In the excitement of
the last few days little has been said
about the big surplus of wheat from
the 1910 crop for which there are no
foreign buyers and a slack milling demand.
Leaders may continue to
churn the market until they get out
some more of their wheat, but the
natural tendency will be lower as
soon as the southwest gets some
moisture and the bear forces again
become aggressive.

CORN—The country needs not to
be told that corn prices must depend
on whether the farmers sell their surplus
or not at these figures. Cash
prices are up 3 to 4 cents from the
low point and late yesterday some
receivers reported better purchases
in the country. The better cash prices
should give this market a big run
of corn early next week, as the short
interest has been well covered on the
advance. One local short came in on
a big line around to prices yesterday
and another local interest aggressive
on the selling side at the same
time, made conditions seem to suggest
a reaction from the advance of the
week.

OATS—Look for the market to
react whenever corn shows weakness.

PROVISIONS—Gelt says 14,000
hogs vs. 12,000 last year. No pork
being made as yet. Friends of the
product feel that we are to get hogs
to make the staff as low as the product
at present prices. Some uneasiness
on part of shorts in January pork
was manifest yesterday.

A Tree That Weeps.
During the driest months of the
Rhodesian year—August, September
and October, a tree called by the natives
Mukololo, exudes moisture in
large drops from its topmost leaves,
and gives the traveler who happens to
be standing in the immediate vicinity
the impression that a shower of rain
is falling. When the natives see one
of these trees dripping, they say: "The
Mukololo is weeping for rain." Even
during the hottest day the tree weeps
copiously.—Strand.

FROZEN AMONG CHRISTMAS TOYS

Aged Man Who Made Toys For the
Children Each Year Found Dead
in Blacksmith Shop.

PHILADELPHIA, Dec. 5.—Frozen
to death three days ago and lying in
the midst of Christmas toys, which
he made every year for the children
of the neighborhood, the body of
George Freed, aged 70, was found
early Saturday in an abandoned
blacksmith shop at Leland and Vine-
yard streets.

According to the gossip of the neigh-
borhood, the blacksmith shop was
formerly the property of a man who
allowed Freed to occupy a portion
of it. Years ago Freed told them
that he had been a prosperous build-
er and contractor, but meeting with
adverse circumstances, he had been
separated from his wife and family
and reduced in circumstances. He
claimed that he had a brother living
in Virginia who was wealthy, but he
never applied to him for aid.

He was last seen on Wednesday,
when he is said to have complained
of the cold, and of being
without fire or covering to keep
him warm. Evidently he had laid
down to try and sleep, and, benumbed
from the cold, died while in this
condition. The police are endeavoring
to locate the brother in Virginia.

BREAKS A COLD IN A FEW HOURS

Proves Quinine is Never Effective in the Cure of a Severe Cold or the Grippe.

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable neuralgia pains headache, dullness, head and nose stuffed, runny feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

More Coincidence.

A farmer of Washington county, Maryland, who had had many chickens stolen, set a gun in the chicken house that would be discharged the minute the door was opened. The other night the gun was discharged and the next day three men in Hagerstown were reported confined to their homes by "rheumatism."

Many Like Him.

"It is a terrible thing," said the prisoner, "to be known by a number, instead of a name, and to feel that all my life I shall be an object of suspicion among the police." "But you will not be alone, my friend," replied the philanthropic visitor; "the same thing happens to people who own automobiles."

LIFE SENTENCE FOR WENDLING

Prisoner Says He Should Have Been Sent to the Chair or Allowed to go Free.

LOUISVILLE, Ky., Dec. 5.—Joseph Wendling Saturday night was found guilty by a jury of the murder of eight-year-old Alma Kellnes and punishment was fixed at life imprisonment. The jury was given the verdict at 6:20 p. m. and announced a verdict at 10:10 o'clock.

Wendling was talking to his wife, Madeline Wendling, when the verdict was announced, and remained perfectly calm.

"I either killed the little girl or I didn't," said Wendling.

"They should either send me to the electric chair or turn me free."

The verdict came after a day spent in argument by the attorneys, and the reading of the instructions by Judge Gregory. Although there were four possible verdicts which the jury might have returned under the instructions of the court, the verdict was merely "murder."

The evidence presented against Wendling was purely circumstantial.

Alma Kellner was the daughter of Mr. and Mrs. Fred Kellner of this city, and a niece of Frank Fehr, the millionaire brewer, who spent much time and money in the search for the child and in the prosecution of Wendling.

Extra police were put on duty at the several entrances to the Criminal Court Saturday afternoon, when it became apparent that the crowd at the trial of Wendling would exceed in proportions any previous gathering in the court room.

Many persons, rather than forfeit their seats in the room, stayed after the noon adjournment and were in their places when the court reconvened at 1:45 o'clock. Several women brought their lunch and remained in their seats during the luncheon recess.

Judge Gregory ordered the windows kept clear on the outside, and the police were continually harassed by youngsters who persisted in climbing upon the sills and peering through the

glass. One large window pane was broken Friday afternoon by the crowd that pressed against it, and Saturday the rule to keep the windows clear was rigidly enforced.

Wendling listened intently to the argument made by J. Reginald Clements, one of his attorneys, and Lorraine Mix, the Assistant Prosecuting Attorney, but showed no trace of emotion. His wife, who has sat at his side throughout the trial, was in her place Saturday, but Michael Hermann, the French consul at Louisville, did not come into the court room during the morning session. Mr. Hermann, however, had been faithful to the prisoner in his official capacity, and has evinced the keenest interest in the testimony adduced at the trial.

J. Reginald Clements made a summarization of the evidence before the jury, and stated that the prosecution had failed to prove that the body found in the cellar at St. John's church was that of Alma Kellner.

Mr. Mix, in his argument, which was concluded at 12:30 o'clock, said the State had proved the "corpus delicti" beyond the shadow of a doubt, and that no one could have possibly committed the murder and performed the subsequent mutilation, burning and burial of the body except the janitor of the church.

Mr. Mix was followed by John W. Ray, counsel for the defense, when the afternoon session of the court began at 1:45 o'clock.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c at Winchester Drug Company.

SPEECH BY GOVERNOR ELECT EUGENE FOSS

Delivered at Wareham, Mass., Explains His Ground For Taking the Stump Against Senator Lodge.

WAREHAM, Mass., Dec. 5.—In a speech delivered here Saturday at the close of his three days' speaking tour of Cape Cod, Governor-elect Eugene N. Foss explained his ground for taking the stump to oppose the re-election of United States Senator Henry Cabot Lodge.

He said his action in appealing to the people direct was not without precedent and he instanced the success in this direction of Governor Hughes of New York. He added: "A Governor should be the interpreter of the popular will and in going over this State calling the people together and discussing with them the question of the return to the United States Senate of Henry Cabot Lodge, who has allied himself with the great protected interests, who has legislated for them as against the people, as shown by the official records of his votes, I am doing no revolutionary thing."
